

God's House Craft:

In God's House there
is room for everyone.

John 14: 1-14

Picture 2

You will need:

Front of church picture, blank church picture, magazines and sales catalogues, textas, scissors, glue stick

What to do:

- Print the church (picture 1) and blank church picture (picture 2) on cardboard or paper.
- Colour the windows and door of picture 1. *Option:* Design a stained glass picture for the windows.
- Cut out pictures of faces of different people from magazines and catalogues. Choose as many different people, young, old, male, female, from different countries, cultures and religions.
- Glue the faces on picture 2 within the church outline. Fill the church with faces.
- Cut picture 1 along the base of the church where the dotted lines are. Don't cut out the whole church, just cut along the bottom.
- Cut the doors of the church along the dotted line, and also cut along the inside of the church roofline so you can open the church up like opening doors.
- Cut out picture 2 along the dotted lines. Glue it to the back of the church picture, gluing only between the dotted lines and the church outline, including the roof outline.
- You should now be able to open the church up to reveal all the different people inside, reminding us that all are welcome in God's family.

Talk about: We haven't been able to invite people to our homes while the COVID-19 sickness is around. Who would you like to invite to your house when it's safe to do so? Who have you missed that you haven't been able to visit in their house?

Make a list of the people you have missed. How can you keep in touch with them until we can visit again?

Write a letter, send a card, send an email, send a text, Skype, make a phone call, send some photos via text or email... which ones of these can you do for the people on your list?
