All Saint's Day

On All Saints Day we remember all of the people of God who lived before us and those who live now in our church family. We thank God for the special people who have shown God's love to us.

Now in many churches you might see a window shaped like this.

In some churches these windows there is a picture of a saint - a person who has shown God's love to other people.

Last week you drew a portrait of yourself.

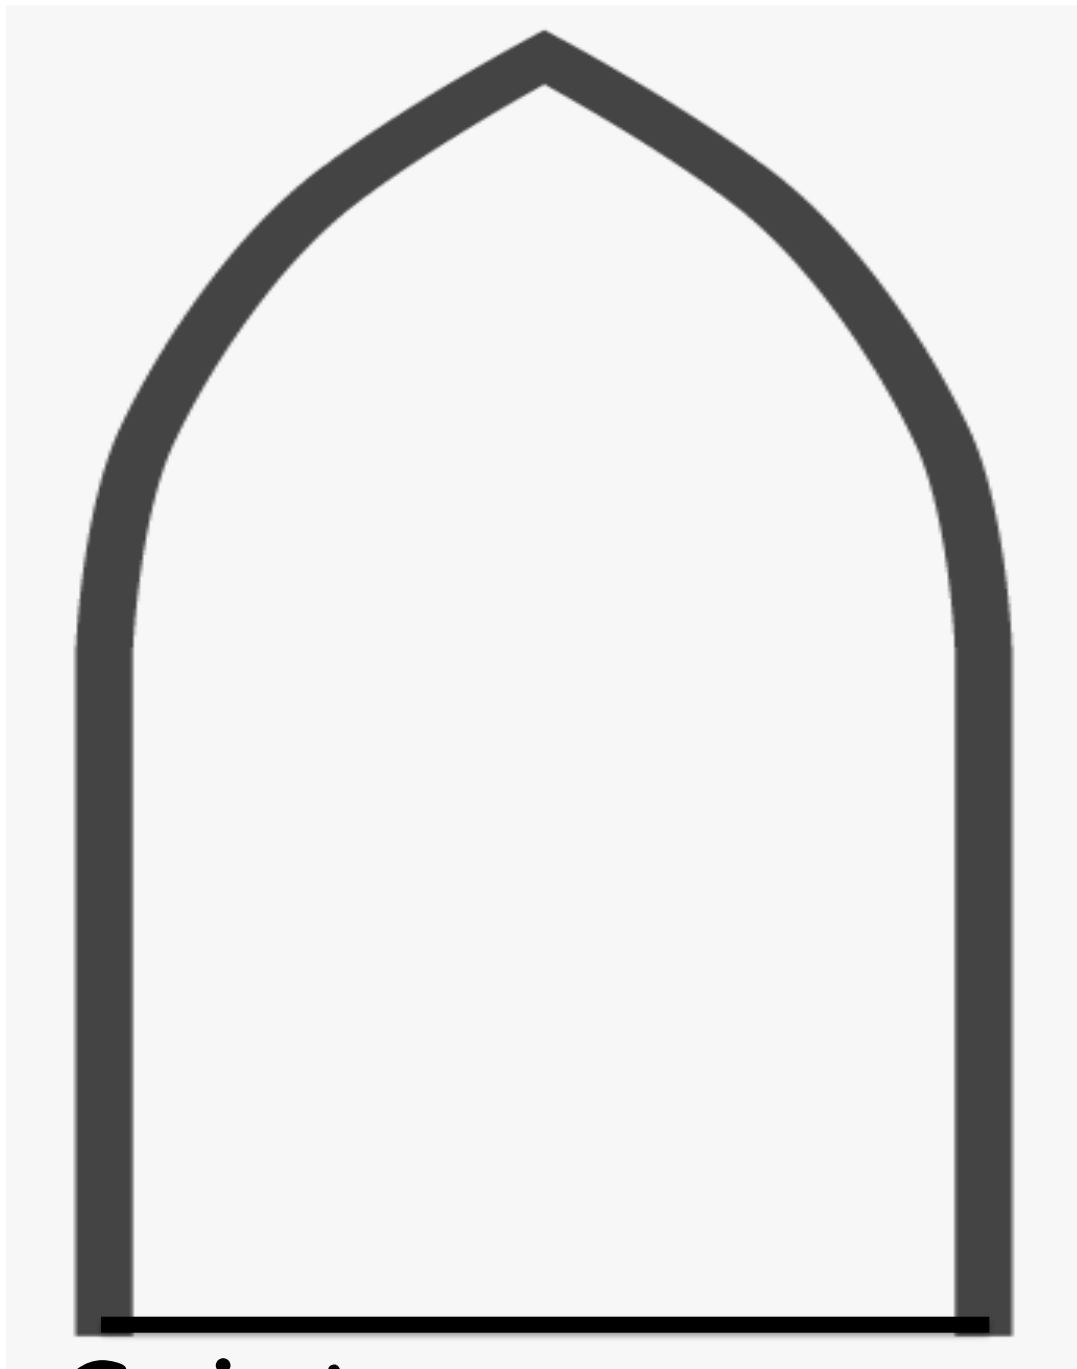

This week your task will be to choose a person in the congregation. This person will be your saint, your everyday saint, a person who shows God's love for others.

You will draw their portrait inside an arched window.

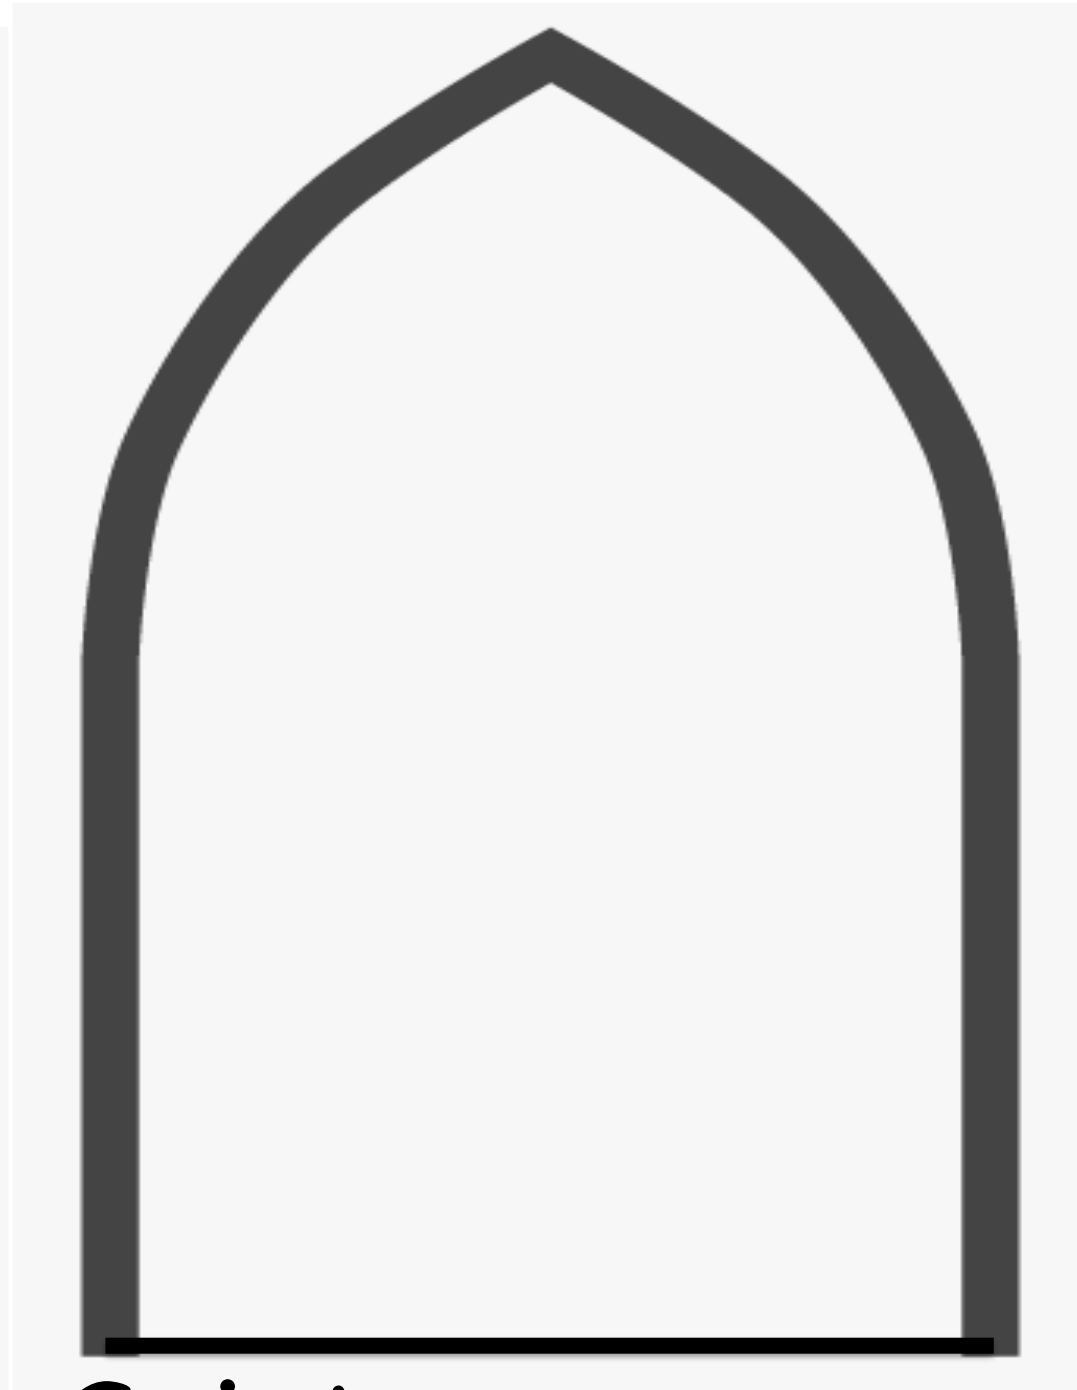

When you have finished glue the portrait onto a cardboard cylinder.
